### Enterprise PHP on IBM i

Whether you're an IT manager considering PHP, an experienced PHP developer, or someone who wants to see what the excitement is about, you will benefit from this talk. You will see how to display DB2 data on the web, use data from an existing RPG program, and use Zend Framework to develop robust enterprise solutions.

Alan Seiden has been sharing his enthusiasm and knowledge of PHP with the IBM i community since 2006. Anyone considering PHP or other web technologies will benefit from his encouragement and clear, step-by-step guidance. Alan is a leader in developing PHP-based web applications on IBM i (System i, i5, iSeries, AS/400), Alan served as a consultant for the IBM manual *Zend Core for i5/OS*. These days, he spends his time developing applications with PHP and Zend Framework on IBM i (In fact, the site he developed for Allied Beverage Group won the 2009 COMMON/IBM Best Web Solution award!), mentoring teams in PHP and Zend Framework, and reviewing clients' applications for standards, architecture, and security. Alan, the first "i" professional to be certified on Zend Framework, is a senior developer and technical lead at Strategic Business Systems, a Zend/IBM partner in northern New Jersey.

## Message from the President

I can't believe another fiscal year has come and gone. It has been my pleasure serving as President of NEMUG during these past years. Thanks to the current officers for their hard work in planning and presenting this past year of learning experiences. We had a nice send-off to retirement for Dick Evans at our last meeting. Many thanks to Dick for all he has done for NEMUG and his numerous contributions to the Information Technology community. Best of luck in retirement Dick, we will miss you. Congratulations to the new officers: President – Dick Ferrara (NATCO), Vice President – Brian Siwicke (Princess House), Secretary – Faith Lamprey (Aurora Technologies), and Treasurer – Eileen Newell (FGX International). Please let us know what topics you would like to see presented for the next fiscal year.

*Jerry*

## Send Us Your Topics!

The Board will be getting together this summer to plan the topics for next year. If you would like to attend the planning session or have a topic to submit for consideration, please e-mail Faith Lamprey at [aurora@auroratechedi.com](mailto:aurora@auroratechedi.com). If you submit a topic, please include a speaker you would recommend along with their contact information.
